A RIGH-HANDED BOARD IN PASSAIC. Forty schoolma'ams in Passac objected to appearing in the Columbus Day parade they couldn't stand the fatigue of the march. Others objected on general principles, holding time a procession in the

public circets was no place for a woman But the Board of Education rendered an official opinion that the objections sould not be sustained; that the forty fair instructresses must join in the parade. This decree the teachers appear to have accepted meekly enough. To the

inquiring mind of one outside the Passaic Board of Education, however, it must appear that that body assumed extraordinary powers in the matter. Control of local educational affairs, the employment of teachers, the arrangement of the school curriculum, matter of discipline for the pupils these undoubtedly come within the province of the Board. But a Columbus Day parade,

or any other kind of a parade, has noth ing to do with any of these things. It is not given to many women to share the ordinary man's love of making a glittering show of himself in a street procession. The Passaic teachers are of those who do not quite appreciate the man's feeling in this regard. Their scruples were womanly and should have been respected, even if the Board of Education had pos wased the power which it saw fit to assume of ordering them into the parade.

CAR-DRIVER DORLAW. HERO.

Many a street-car driver has got into the newspapers and into jail through the incident of his car running over some hapless person who got on the track. Sometimes the driver has been to blame. At another time he basn't.

It is a distinct pleasure to put into print in an entirely different line the name of Driver EDWARD DORLAN, of the Madison avenue road. At One Hundred and Tenth street yesterday, a team of runaway horses drawing a heavy truck came plunging directly at Donlan's car, in which were half a dozen passengers, nearly all women.
